Hotels in Kopenhagen:

As you might imagine there are plenty of hotels in Copenhagen and you are all well trained to find places to stay by use of e.g. google maps.

Staffan recommended two hotels, namely:

<http://www.chickens.dk/index.htm>

and

<http://www.loevenhotel.dk/>

... I preferred the chicken ;-).

The journey to DTU starts at Nørreport station and you have to take one of the buses 150, X150 or S150 for a 15 min ride to the stop called "DTU".
